Ego is Pain

Why must you leave me
Why if you love me
Why is our ego
Ruling the show

Thus you leave yourself
Your very heart
What an aggression
What a repression
And how bizarre

Refr.

Ego is pain, love
You are in pain
Ego just fools you
You bite again
Ego just makes you
Totally dead
Ego just fakes that
It would be your friend

You'll never marry
Only on paper
You'll have to carry
The weight of the mist

Ego is pure, love
It is pure pain
Ego's your lover
Ego's your boss
And ego is lost
In pink shopping lists

Refr.

Ego is pain, love
You are in pain
Ego just fools you
You bite again
Ego just makes you
Totally dead
Ego just fakes that
It would be your friend

You had to say no
To what you Saw
You became Ego

That is the Law

And now you must suffer
Without a Heart
Suffer for ever
Deep in the Dark

Refr.

Ego is pain, love
You are in pain
Ego just fools you
You bite again
Ego just makes you
Totally dead
Ego just fakes that
It would be your friend
