

## **I gave my Heart**

I gave you All I gave my Heart  
You were amazed and you were thrilled  
This was exactly what you're after  
In your state so unfulfilled

You were tired of your life of form  
Of iron structure rules and norms and time  
They left you icy frozen hard and torn  
To get my Heart you'd commit... any crime  
To feel my Heart you would live any lie

My crime – no, no forgiving – was it Touched you  
My Heart it should have stayed holy and pure  
Not Touch the dirt you felt inside you were  
Luckily It didn't pass the jury

You started looking for the wrongs in me  
Fault after fault you found, oh crime after crime  
Still you tried to drink the purity you felt here  
But sifted from my sins so blind

And by the time you left you'd gathered  
Oh what a list shyly presented  
Your alibi for going, moving on  
Rather alone than with a sinner

I hung the list above my guilty bed  
So during sleep I'd get convinced  
Of all the points you studied on so hard  
And I confessed I failed  
Yes I reported I failed

You said I didn't try hard enough  
I'm too attached again to seeming Love  
Oh faithful to the list these points you added  
Yes and you added now you've had it – with me

When finally will I be responsible ooh

Myself for all the wrongs I am  
You don't always want to have to show them to me oh no  
You have your life that you want to enjoy

“What about the Heart”, I asked impressed  
You said I could stick it in my ass  
You said I could stick it in my ass  
When did the Heart become a form for you to get  
And now you seem to have it happily you left

“But”, I stammered still, “the Heart..., just what you Are”  
‘Don't interrupt me’, you cried suddenly  
‘The Heart the Heart your Heart, it's always the same  
You're stuck with your Heart, you're only bleeding bleeding  
Fuck your great Heart you're always bleeding  
Bleeding bleeding bleeding bleeding bleeding  
Do you call this living? you lie, you lie!’  
And not for the first time I was speechless  
And now you somehow eased down at least a little little

‘Look at mine’, you said, ‘how beautiful  
Why are you always so full of yourself  
Just look at mine, feel how love's pouring out’  
I said, “I look and feel: your Heart's still closed”

‘You lie!’ you replied and you biked away for good  
You sent me mails though, signed ‘with love’  
To remind me of my lies, mistakes and wrongs  
My lack of humbleness, humiliating you, humiliating you

How could I've been so filthy to have sex with you  
When I said I would give my Heart  
I replied “my Heart is in my penis too”  
In every word I spoke though you felt my hate  
In every word I wrote you felt just hate

‘Finally leave me alone you creep, now’ you screamed  
“I always did”, I answered, “you came to me”  
‘Stop your bullshit now!’ You yelled, ‘you poison the world  
You're no Heart, no mirror, you just hurt hurt hurt hurt’

You act as if you're so convinced you are right

Justin Heart – I gave my Heart

Same time you know you're not, you fake and you bitch  
Let's face it, you will always be in this fight, this shit  
Never no no never you'll surrender  
Never no no never you'll surrender to Love

How Love once more has failed to manifest  
All potential beauty gone to hell  
And after million tears my body rests  
And writes a song, I know the melody so well:

I gave it all I gave my Heart  
You were amazed and you were thrilled  
This was exactly what you're after  
In your state still unfulfilled
