## **I hate the truth**

I hate the truth  
Truth brings me pain  
Truth shows me myself  
What I became

I hate you too  
For you're my love  
I need your love, your embrace  
I cannot else, I'm using you  
For myself, for my own  
Dark interests, even though  
You do the same with me  
I lie – just like you  
Just give me the truth

I know I'm pure  
Somewhere inside me  
I even feel it  
While I am hating

I'm totally sure  
Life's meant for living  
My hate for you, love  
Instead of waiting

So, hate, my love – do love  
All your hate for me  
Do hate your love  
All that's binding you  
Every little rule, stupid fools  
All the pain that's waiting  
Patiently for you  
Give it all, fight with me  
Take it all, consciously

I love your Heart  
I can't deny

I hate your forms  
I hate your lies

I hate your Heart  
It shows my pain  
It shows the Dark  
I am insane  
And I can't change it  
Myself, the world  
I know I'm pure  
Somewhere inside me  
I even feel it  
During my hating

I'm totally sure  
Life's meant for living  
My hate for you, love  
Instead of waiting

But I hate my hate  
The scream  
So stuck in my throat  
In a dream

I wanna scream it out  
And sing aloud, all  
I wanna freak all out  
Be hurt and shout  
And fall, after all, finally fall  
Shown my place  
Beyond love and hate  
Not wait, or trying, while afraid

Where was I?  
Oh yeah, hate, I was hating  
Oh yeah hate

I hate the truth  
Truth brings me pain  
Truth shows me myself  
What I became

I hate you too  
All hate you mask  
For your love I ask  
Your true embrace

I cannot else, I'm using you  
For myself, for my own  
Dark interests, even though  
You do the same with me  
I lie – just like you  
Just give me the truth  
Gimme the truth  
Gimme, gimme the truth  
gimme the truth, you  
Just the truth
