

Rainbow

Rainbow rainbow
Grant us all we need to grow
Merge the rain and the mighty sun
Into the Beauty of the One
Rainbow rainbow
You're the one to let us know
Pain and joy are one in love
Rain and sunshine do make love

Rainbow rainbow
All your colours make the Whole
No single one can be who you are
All must come back to the Heart
Rainbow rainbow
Don't save us from our pain, oh no
All would fade and never grow
Please allow the rain let go

Rainbow rainbow
Outshine our haughty little ego
Choosing for the sun only
Just take all that is phoney
Rainbow rainbow
We love your subtle beauty so
Show us how to cry in love
Show us how to shine in love

Rainbow rainbow
Grant us all we need to grow
Merge the rain and the mighty sun
Into the Beauty of the One
Rainbow rainbow
You're the one to let us know
That pain and joy are one in love
Rain and sunshine do make love

Rainbow rainbow
All your colours make the Whole
No single one can be who you are

All must come back to the Heart oooh
Rainbow rainbow
Don't save us from our pain, oh no
All would fade and never grow
Please allow the rain let go oooh

Rainbow rainbow
Outshine our haughty little ego
Choosing for the sun only
Just take all that is phoney
Rainbow rainbow
We love your subtle beauty so
Show us how to cry in love
Show us how to live in love
