The Boy

Man you're doing everything
Everything you can
To make woman clear you are
You are a man
You are a man

Somehow she still cannot buy
She can't believe
She doesn't even see you, boy
It's like you don't exist
You don't exist

It's always the same refrain
You cannot humbly take the pain
That woman humbly gives to you
You want already to be king
Without struggle to be Man oh boy

Man you don't feel loved by her
That's not untrue
She can't love you if she feels
There is no Man
There is no Man

Same old song
You try to prove her
You don't wanna lose her
But you you might be wrong
That she doesn't leave your form
Doesn't mean at all, at all
That she would See you at all at all as Man

You want her body
Without all her pain
And that's the illusion
Where you fail the test

You fail to be Man

You don't have her body
When she lets you in
No she won't surrender
If you won't totally take her
In your Heart, Man
Na na na na na na – man

Man, understand woman by Love

Woman can only reject
As long as there's no Man
And you will always be suspect
As long as there's no Man

But you learn how to resurrect
When again she killed the Man
She killed the Man

But – it's always the same refrain
You cannot humbly take the pain
That woman humbly gives to you
You want already to be king
Without struggle to be Man oh boy

It's always always the same refrain
You cannot humbly take the pain
That woman humbly offers you
You want already to be whole
Straightly going to your goal
And so you stay a boy
