

Woman, let me touch you with my Heart

Woman, let me show you my love
Woman, you don't know yet what is love
Woman, let me touch you with my Heart
Let me show you are Part of Man's Heart

Woman, let me show you're one with me
Woman, let me blow your sparkling dreams
Woman, let me show your inner truth
Do you feel fed up with being soothed

Woman, do feel free to fight with me
Woman, I'm your Light your Enemy
Woman, let me cry your inner stone
Woman, you don't need to be alone – be alone

Do you taste your tears 'bout Man sincerely
Do you hear the sound of your fear
Do you fly through life in reveries
Do you feel you're caught in jealousy

Woman, let me show you my love
Woman, you don't know yet what is love
Woman, let me touch you with my Heart
Let me show you are Part of Man's Heart

Did you say you're ready for Man's love
Woman, do you really want the Truth
Then Woman dive into the danger Dark – with me
On the bottom of the mud you'll find the Heart – clean and free

Or do you want a lover and that's it
Or do you want to discover what it is to live
Woman, do you mean you want love
Woman, do you scream loud enough

Woman, do you long deep enough
Woman, do you love love enough
So I can hear you calling on me – in my Heart

Justin Heart – Woman, let me touch you with my Heart

Woman, do you know humility
Can you sacrifice your fantasies
Can you bear to feel all woman's Pain
Do you still prefer to be entertained

Woman, let me show you love
Woman, you don't know yet what is love
Woman, let me touch you with my Heart
Let me show you are Part of Man's Heart

Woman, can you bow for a live-mirror
Do you try to change what you see
Do you judge the pain, all the terror
Do you listen to your mind or do you feel

Let me finally bring my Heart Down
Let it vibrate loose all you are bound to
Feel your whole body enlivened by my Heart
And finally you will know
Finally you will know
Who You Are
Who You Are
