

## **Forgive me, please**

Forgive me, please – my insensitivity  
I just cannot see – what came over me  
Guess I cannot feel – who I really am  
Nor my hidden fears – my forbidden tears

Forgive me, please – guess I'm lonely  
I would like to keep You inside of me  
Please live in me – don't give up on me  
Only give to me – this one opportunity

What's wrong with me – I only long to be  
In Your company – is there somewhere a key  
To turn  
I don't see why I am leaving You  
Almost all the time  
Do let me return – to You

Oh, all I know: I love You  
There comes no one, nothing else above You  
I don't know why I do what I do – I care for You  
I like my life, my love, to share with You  
So many times though I'm in a fight  
Deep down inside – I'm scared to Die

Forgive me please – I am teasing You  
I don't mean to be mean  
See I don't see what I do  
Forgive me please, for actually  
I like to give my love to You  
That's all I want to do

But I can't control – this overwhelming force  
I just lose myself – makes me divorce, from Truth  
Despite remorse – seems I've got no choice  
For I don't feel the cause  
Of my withdrawal from You  
I don't know how I can come back to You  
Please do show me now – the Door to Unity with You

Oh, all I know: I love You  
There comes no one, nothing else above You  
Don't let me go – don't want to go away from You  
Where can I go – go alone, without Your Love  
All I want to say: I care for You  
All I want to do is something good for You, only You

Forgive me please my request to be forgiven  
I know it's no good, know it's not True Surrender to You
