Body and Love

Please set it free, my love
Finally let it stream, my love
I'm exploding almost inside
Let it flow into your heart tonight

Let my body be your divine memory
Body live what my heart wants to give
My heart needs to live, my love
That's Your Love, Your Love

I have enough of drinking your love
My heart is full I need to give
Need to cool it down
Let finally the Lie. Let it die in Truth
Let this body and this heart be one Light
One, too

Let finally this Fight end
Let finally my ego bend

Let me return Your Love
Allow me to burn in Love
No I don't want to die
When all has not been given
No I don't want to lie
My Love is my living

Let my body be your divine memory
Body live what my heart wants to give
My heart needs to live, my love
That's Your Love, Your Love

I have enough of drinking your love
My heart is full I need to give
Need to cool it down
Let finally the Lie, let it die in You
Let this body and this heart be one Light
One, too

Let this tiring flight end
Let finally my ego bend
Let me love, only love
Love all my life
Let my love love love love
Let my body live as the love of my heart
Body live the love of my heart
Let it be True
Let it be You

Make this woman here whole
Hear my far from humble call
Grant her all the pain she needs to feel
Bring her to her knees
To finally finally live
Consciously live as Two,
As Me as You, too
As One Body as Truth

Two bodies I need
To Be
The One – Love – Truth
Two bodies I need at least
Oh the many I need
For the One to Bleed, no greed
Oh the many I need
For the One to Bleed, no greed
